PEOPLE IN ANCHORAGE ARE SQUEEZING BY.

It is estimated that to afford a two bedroom apartment,
Anchorage households must earn \$53,000 per year.

16,320 Anchorage families earn less than \$50,000 a year and
struggle to afford food, housing, utilities, medication and other basic needs.

Join the fight to change that.

HELP TAKE THE STRAIN OFF OUR COMMUNITY.

Why do we fight for the health, education and financial stability
of every person in our community?

Because when everyone has opportunities for a quality education
that leads to a steady job, enough income to support a family,
safe and stable housing and good health,
our community thrives.

Join the fight today.

RELAX. YOU CAN HELP.

Reading opens doors for all of us, especially young children. Having books in the home is shown to increase childhood literacy, which is a critical component of kindergarten readiness.

Unfortunately, too many local children do not have access to books. You can do something about it. Today.

Join the fight to help all kids start school ready.

TAKE AIM AT HOMELESSNESS

No one grows up dreaming of being homeless.

Together with our partners we are working to make homelessness as rare and brief as possible by moving people into stable housing quickly and providing the supports and resources they need to stand on their own.

No one can do this work alone.
We need you to join the fight.

WHAT DID YOU EAT?

For too many Anchorage children, the answer to that question is...
nothing.

On any given day in our community, 13,000 kids don't know
when or if they will eat. Without consistent nutritious meals, a
child's health and school work suffers.

This is your chance to change that.
Join the fight to ensure no child goes hungry.
