

We can

# AMPLIFY IMPACT

by raising  
graduation rates

Lets help

**76** percent of high school freshmen get on track to graduate – up from 70 percent

**50** struggling high school seniors get back on track and graduate – just like last year

**United Way of Anchorage**

Your donation to our Community Fund is amplified when we Unite our education, housing and Alaska 211 teams to support the basic needs of children and youth so they can focus, learn and flourish.
